Dear Parents,

Greetings from LBS!!

**Introduction of English Communication and Abacus Programmes**

Dear Parents/students,

We are pleased to announce the introduction of two new programmes at our school:

1. English Communication Programme: This programme aims to enhance the English language skills of our students, focusing on speaking, listening, reading, and writing. The programme will be integrated into the regular curriculum and will be compulsory for all students up to Class 8th.
2. Abacus Programme: This programme is designed to improve the mental math skills of our students, using the ancient Abacus method. The programme will help students develop their problem-solving skills, critical thinking, and mental calculation abilities.

Thank you for your continued support.

Best regards
